Bonded Material	conforms to ASTM Standard D4541 Pass 462 psi

The above information is based on research conducted by Gardner Glass Products, Inc. and its partners. It in no way constitutes a warranty. All material is recommended to be tested by the purchaser to determine suitability of the product for their specific purposes.

Gardner Glass Products does not recommend Dreamwalls Marble Glass for exterior applications or high heat environments (where the glass sustains a temperature of over 130° F.) It was created for use in interior environments such as wall applications, back splashes, countertops, tables, and decorative elements. Please contact us to discuss unusual technical applications that may not fit into the above tests. 1-800-334-7267
